# Introduction

## Extraordinary everyday places

We know those precious dreams of yours — to surround yourself with a lifestyle you aspire to. However, more often than not those dreams come at a price most people can't afford. To make our aspirational products accessible to more people we combine the best product innovations with what we call 'emotional design', all delivered at a market-leading price. At AM.PM we make everyday places extraordinary.

## Our designers

# Design that makes your heart race

Our passion to create something extraordinary, something that excites a multitude of human senses, is at the heart of everything we do at AM.PM. Of course we develop the best solutions in ergonomics, form and function but what's equally as important to us is how our bathroom products make you feel. From the moment your eyes take in our signature curves and your hands intuitively move over our smooth-action controls, you are connecting emotionally with the AM.PM experience. This unique design philosophy, what we call 'emotional design' is the origin of our

iconic look and unmatched tactile experience. We push the boundaries and inject fresh thinking into our collections by working with best-in-class European designers from completely unrelated industries. The result is a timeless, sophisticated style with distinct Nordic / Italian influences.

## DanelonMeroni

Claudia Danelon and Federico Meroni

This innovative London-based product design studio combines expertise in architecture and interior and product design with an understanding of brand experience to create products that are beautiful, functional and desirable.

## Design3

Bjoern Vibrans and Wolfgang Wagner

Design3 is one of the world's leading design studios. Founded in 1987, the Hamburg based studio's approach is based on a modern interpretation of the classic German design values of simplicity, functionality and ease of use. Their work has won more than 100 international awards.

## Brandis

Michael Brandis

Brandis Industrial Design was founded 1995 in Nuremberg, Germany, by Michael Brandis. Moritz Zahn is responsible for the creation of bathroom related products. More than 90 international design awards document the formal competence of the highly creative team, developing extraordinary products in various fields like, home electronics, communication, healthcare, new mobility and safety design in collaboration with their notable clients: Bosch, Siemens, Sennheiser, Uvex.

## GP designpartners

Christoph Pauschitz, Rudolf Greger, Christian Rukower, Roland Kaufmann

GP is located in Vienna and was founded in 1992. A team of highly motivated designers, they offer more than 20 years of industrial design experience with an award-winning variety of product design — from bathroom facilities to cableways and from baby products to solar lights.

## AM.PM Design

More than 20 designers

AM.PM Design is our in-house design studio that consists of high-level professionals. AM.PM designers take inspiration outside the sanitary industry, constantly tracking trends in car, electronics and household goods design in order to create really extraordinary products.

Our awards

# 94 design awards in thirteen years – faster than anybody else in industry

At AM.PM our unique design philosophy has gained us a reputation for excellence, winning us more design awards in quick succession than any other bathroom brand over the last eight years. Never before have so many products been awarded across all categories and price points, coming from the industry's most respected names including Red Dot and iF Product Design Awards.

With design so firmly at the core of our business, it's not surprising that our work is getting noticed.

That's because we set the bar high at AM.PM. Only products that deliver all our expectations make it into our collections — boasting on-trend designs, outstanding features and industry-leading technologies. Our design engineering process is comparable to that of a luxury car; relentless over every detail, refining and refining again until absolutely perfect.

We believe if something is worth doing, it's worth doing in an extraordinary way.

Collections

# Aspirational bathroom collections

Discover nine unmatched collections by AM.PM, each one with a unique character of its own. Nine ready-made bathroom solutions, their sophisticated details and iconic shapes creating a single harmonious whole. Never before has choosing bathroom products been such a sheer pleasure. By bringing you the joy of total functionality and advanced technologies, combined with the excitement of our emotional design, at AM.PM we make your everyday life truly extraordinary. You are sure to identify yourself with one of these.

# Inspire V2.0

Really extraordinary

Alh-PM

Smart is inspiring. Originally created to give you the edge over conventional bathroom designs, the incredible Inspire range has been totally reworked to bring you styling and technology that stay ahead of the curve. It's a kitchen faucet with a difference, featuring a sleek, modern design and a range of options to suit your taste. You'll love the way it looks, the way it feels, and the way it works. It's a kitchen faucet that's truly extraordinary.

Design by GP designpartners, Austria and Design3, Germany

Infrared basin mixer FIA02300

Washbasin for wall-mounted vanity unit MPAWPX1001WM

Single-lever basin mixer FIA02500

Toilet roll holder with box AIA341500

Rimless wall-mounted toilet with TouchReel electronic e-bidet seat CCCIB1700SCAG

So minimalist and on-trend, the new Inspire V2.0 bathroom furniture is as smart as it is attractive. Its ultra-thin, aluminium mirror features integrated touch-controlled lighting that provides the perfect light, at the perfect angle for applying make-up. Another market-first from AM.PM is the under-sink drawer; specifically designed to fit all your beauty products without an inch of wasted space.

Feel the pleasure of a truly amazing showering experience. With the all-new Inspire V2.0 ShowerSpot, it's at your fingertips. The mixer features two handles for intuitive control of the overhead and hand showers. Just choose the desired spray mode by pushing the handle, then turn it to adjust the flow. The setting will remain unchanged until your next shower. The thermostatic mixer maintains the preferred water temperature and features a cleverly integrated shelf for your favourite shampoo. And you'll love the way the Inspire V2.0 hand shower feels with its tactile, soft-touch faceplate.

The new square shape in AM.PM ceramics is now also available in ultra-trendy matt black finish. Introducing our unique, first-to-market Twin Side technology — black toilet bowl featuring two different coatings: matte outside, glossy inside. The seat is solid matt black duroplast, right the way through.

Black is a bold and stylish colourway, that will add a touch of drama to any bathroom interior or create the complete look with iconic products from the Inspire V2.0 collection. The matte finish, coupled with the concise hi-tech shape is perfect for premium spaces.

# Spirit V2.0

New spirit of the extraordinary

Your world will never be the same again. The totally reworked Spirit range is leading a complete revolution in bathrooms. Packed with innovations and new technologies, this extraordinary collection delivers performance and trend-setting style that will simply amaze you.

Design by Design3, Germany.  
Update by Design by GP designpartners, Austria and DanelonMeroni, UK

Wall-mounted vanity unit MSBAFXX1002WG

Rimless wall-mounted toilet with soft-closing seat cover CSB1700SC

Single-lever basin mixer FSA02100

## Spirit V2.0

Looking for something extraordinary? The superergonomic design of these basin, shower and bath-shower mixers has to be experienced to be believed. Unlike other mixers, the new generation Spirit V2.0 range works much more intuitively by pushing, not pulling. That's innovative! Incredibly easy to use, the organic-shape handle nestles comfortably into the palm of your hand, responding to the slightest pressure to control temperature and flow with remarkable accuracy.

## Spirit V2.1

New and improved in so many ways, the elegant Spirit V2.1 mixers may appeal to more traditional tastes. This range has been restyled and re-engineering to bring it bang up to date with our very latest designs and technologies, offering the same high level of comfort and ergonomics. Designed to fit into the palm of your hand, the joystick handles works so smoothly with the super cartridge within to control temperature and flow perfectly.

# Func

Function, with fun

With Func, functionality takes center stage. From clever storage solutions to sleek and smooth control mechanisms, this collection makes the end user's experience more than just effortless. It makes it thoroughly enjoyable. Welcome to the perfect fusion of functionality and fun. It's Func.

Design by Brandis, Germany, Design 3, Germany and DanelonMeroni, UK

Single-lever basin mixer FFA02100

Wall-mounted tall cabinet MFACH04029WG

Wall-mounted vanity unit MFAFUX1201WG

Need quick access to your everyday essentials? Look no further...  
The Func Collection's vanity unit with semi-integrated washbasin takes care of all your favourite accessories and everyday items. It has enough room for the whole family's essentials. The elegant basin's built-in shelf has an impressive amount of storage space. The furniture design integrates convenient open shelving too, so you always have everything to hand.

Extraordinary design, as if it came to us from the future, makes this shower system an eye-catcher in the shower area. The thermostatic mixer not only maintains your chosen water temperature; it is also the perfect storage accessory. It comes equipped with a generous glass shelf so your showering essentials are always at your fingertips.

Choose maximum showering pleasure with the intuitive control panel and ergonomically-designed handle. Increase/decrease the water flow and temperature using the control dial on the side of the mixer. Set and forget — the settings you have chosen will remain unchanged until your next shower. The thermostatic mixer allows you to switch between the two showers at the touch of a button. Highlight: you can use both hand and overhead shower at the same time.

From accessories to mixers, the smooth shapes and 360° storage solutions are reflected literally in every product of the Func collection. At AM.PM, we believe the little details are just as important as the bigger ones.

Take bathroom hygiene to the next level with this wall-mounted, wash-down toilet from the Func collection! Its rimless design means that nothing can hide — everything gets hygienically washed away. The toilet is equipped with an ultra-thin modern easy-off soft closing seat cover. Ergonomic shape of seat cover for additional comfort in use.

# Gem

Gem for your everyday

Looking for a no-nonsense range that looks cool and ticks all the boxes? Then the brand new Gem range is for you. With its distinctive edging and outstanding hexagonal shape, it's a real diamond of a range at such an affordable price. We've thought of every detail with this stylish collection, from great ergonomics to high performance, it's got everything you need for your bathroom.

Design by GP designpartners, Austria and DanelonMeroni, UK

Single-lever basin mixer FGA02100

Double towel hook AGA35600

Wall-mounted vanity unit MGAFHX07522WG44

Wall-mounted tall cabinet MGACHL0306WG44

Mirror with LED lighting MGAMOX0651SA

Gem's trendsetting design usually comes with a much higher price tag. The narrow cabinets with deep, capacious drawers to carry 35kg will fit a bathroom of any size. Gem is the first range to introduce the most advanced push-to-open fittings and contemporary colors and finishes: you will find both glossy and matt options.

The wall-mounted toilet from the Gem collection blends beautifully into your bathroom with its simple, angular shape and rounded edges. Its rimless construction means there are no rims or hidden areas, giving full visibility and access to the bowl's internal surface.

Sleek and sporty, Gem's distinctive hexagonal form carries through effortlessly on all of our mixer taps and shower products to create a range that combines high-end looks with complete practicality. It's all in the detail. Available in a choice of sizes to fit your budget and your basin, with a larger body, these mixer taps are a real treat to use.

The most anticipated model in the Gem collection: the built-in basin mixer is the answer to the changing needs of customers who are looking for simple and stylish bathroom solutions. Now in ultra-trendy matt black, its design was developed by the world-famous studio GP designpartners.

Gem's iconic styling turns even the simplest of bathroom accessories into cool design features that you'll just love using day after day. Gem's accessories collection includes everything you need from a soap dish to a toilet roll holder.

# Flash

A flash of inspiration

The Flash collection leaves a lasting impression from the very first moment. Clean, minimalist lines, combined with incredible functionality and flexibility designed for everyday use. The result? A bright flash of a collection, that overshadows anything else at this market positioning.

Design by Brandis, Germany and DanelonMeroni, UK

Single-lever basin mixer FNA02100

Washbasin for wall-mounted vanity unit MNAWCD1202WG

Wall-mounted vanity unit MNAFXX120GM

Wall-mounted tall cabinet MNACXX0356GM

Mirror cabinet with LED lighting MNAMCL1202WF

Exceptional in design, practical in function; that is the Flash bathroom furniture collection. A fusion of textures, creatively mixing wood and matt finishes for a tasteful solution for those that love bold design. The Flash furniture range is available in two trend-leading colors, offering both open and closed storage systems.

The conical bowl, with its strictly aligned forms, is a perfect example of traditional German design. Created by our own in-house studio, this stylish short projection design is a great space-saver in the bathroom. It comes with a specially-designed duroplast soft-close seat, which incorporates a 'microlift' function. The slim wrap-over seat features a built-in, one-button, quick-release mechanism.

Flash is an extensive collection, covering a wide range of bathroom and showering categories from built-in bathtubs to mixers. It's the answer to all your needs.

# X-Joy

Extraordinary everyday joy

X-Joy brings high design to the mass segment: beautiful forms, quality materials and clever features are now accessible at a surprisingly affordable price. It's our everyday champion. Making every day a little more extraordinary.

Design by GP designpartners, Austria and DanelonMeroni, UK

Single-lever basin mixer FXA02100

Single-lever bath and shower mixer FXA10000

Wall-mounted vanity unit MXAFHX0802WG

Wall-mounted tall cabinet MXACHR0306WG

Mirror with LED lighting MXAMOX0801WG

The most aesthetic combination of colors and textures: the white glossy facades are complemented by a light wood finish. Eco-friendly and surprisingly durable polyacrylic enamels — a special painting technology in 7 layers surpasses the technology of applying auto enamel from leading German brands and provides a rich color throughout the entire service life.

The X-Joy toilet is sure to please with its smooth, elegant silhouette and exceptional functionality. The slimline, low profile seat adds to its elegance, and its rimless design assures 100% hygiene and 0% spray.

Give your bathroom an upgrade with a wide range of mixers from the X-Joy collection. Designed to exceptionally high standards, they are all are equipped with exclusive AM.PM cartridges. In addition to their high performance design and functionality, they also feature an Everlast surface that's extra quick and easy to clean.

# Hit

N°1 hit on the bathrooms chart

The Hit collection stands for clear lines and functional design. Smooth surfaces and geometric shapes highlight its simplicity and visual purity. With this collection you will turn your bathroom into an absolute hit that will amaze everyone.

Design by GP designpartners, Austria and DanelonMeroni, UK

Single-lever basin mixer FTA02200

Wall-mounted vanity unit MTAFOX1002WG

Mirror with LED lighting MTAMOX1001SA

Wall-mounted tall cabinet MTACHR0306WG

With its minimalistic design, Hit bathroom furniture makes an elegant impression in any bathroom. Its discreet metallic handles give a refined, understated look. Two of the pull-out compartments of the vanity unit feature the Soft-Close system, for a touch of luxury.

This wall-mounted toilet is love at first sight with its ultra-fashionable form in the Dynamic Organic style. A compact design solution: it works perfectly in any size bathroom thanks to its 49cm short projection.

Hit accessories are the perfect completion of this impressive collection.

# Sensation

Masterpieces that excite

Inspired by organic shapes and perfected by the dynamic lines of human-crafted objects, Sensation is the range for the sophisticated and sensual for those who cherish effortless beauty and flawless masterpieces.

Design by GP designpartners, Austria, and DanelonMeroni, UK

The gently rounded ceramic of the wall-mounted toilet from the Sensation collection is complemented perfectly by its equally rounded seat, continuing the curves seamlessly for a truly aesthetic finish. Embrace a whole new level of comfort, thanks to the adjustable bidet modes: back, lady and massage, as well as a luxurious seat heating function. The built-in stainless steel self-cleaning nozzle helps prevent bacteria growth, and to top it all, enjoy the delicate mood lighting, designed for creating subtle ambience at night.

The Sensation collection is the best way to experience what emotional design is all about. Every product is perfected — calculated curves and dynamic organic shapes allow the products to work together easily, creating a coordinated look for new emotions every day.

Every detail of the furniture in this collection is destined to highlight the taste of its owner. The specific design of the washbasin creates the feeling of weightlessness as if it's floating on air. A variety of fashionable designs and functional features, such as full-extension drawers, will satisfy even the most sophisticated desires. Exquisite Sensation furniture is perfect both in functional details and design, thanks to ultrasensitive sensors, adjustable warm/cold lighting, double mirrors and organisers.

# Like

You will like it

The Like collection brings a profusion of exciting features and superb design that you wouldn't expect to find at a price this attractive. You will definitely like the range's stylish contemporary design and surprising functionality.

Design by GP designpartners, Austria, and DanelonMeroni, UK

Single-lever basin mixer FLA02100

Thermostatic bath and shower mixer F07LA500

Hygienic set FOHLA600

Elegant, strong and generously sized, Like's mixers come in a fine range of shower, bath, washbasin and hygiene sets. The design is once again packed with trendy twists and smooth aesthetics.

The Like wall-hung WC has an advanced rimless option, FlashClean for maximum hygiene and ultimate safety — an all-new feature for this segment. It prevents oversplashing of water and gives complete access to every area inside the bowl. Cleaning time is just a question of minutes.

Like's designer hook is not only large in size, but also in strength and practicality. The sleek and stylish shaping also resembles a happy, smiling face — which yours will become whenever you encounter Like.

The superb flexibility and incredible value of Like's accessories give the users a wealth of opportunity to tailor their room the way they want. Like nothing else for such a generous price.

A close-up photograph of a woman's hand holding a white towel. The hand is positioned in the center-left of the frame, with fingers slightly curled. The towel is draped over her hand, showing its texture. The background is a solid, vibrant orange color. The overall composition is clean and minimalist, focusing on the tactile quality of the towel.

Products specifications

# Unique in every detail

You will never find an unremarkable product in AM.PM collections. Our designers' and engineers' close attention to minute details make it possible for every single product to become a real hero in your bathroom, bringing you new sensations. Emotional design, cutting edge functionality and high-demand technologies are characteristic for every AM.PM product, because we want your bathroom to be extraordinary in every detail.

# Inspire V2.0

## Sanitary ceramics

Introducing an extraordinary combination of premium functions - an award-winning toilet, now available with the sleekest, high performance bidet cover. Forget the high-priced, bulky electronic covers, you've seen before. Now, for the first time ever, AM.PM makes this upmarket product affordable for everyone, brought to you in a cutting-edge design that matches the updated Inspire wall-mounted toilet perfectly.

### **FlashClean (rimless) wall-mounted toilet with TouchReel electronic e-bidet seat**

CCCIB1700SCAG

Smart seat equipped with TouchReel technology. Change bidet modes, adjust water temperature, nozzle position and water pressure intuitively - all using a rotating control reel. The system can be remote-controlled.

Ultra-thin seat and cover with easy-off and soft-closing hinges. First to market: UF hard plastic seat with its durability, pure-white color and scratch resistance comes with a built-in preheating function.

FlashClean: a new generation of rimless toilets with no plastic parts, makes it 100% hygienic and eliminates spray.

# Func Washbasins and bathroom furniture

The Func furniture collection is created to change your perception of storage. Func furniture stands out with its functionality, versatility, and mobility. Leading German engineers have carefully thought out and considered every detail to create a collection that can easily be adapted to any size bathroom

## Wall-mounted vanity unit, 100 cm MFAFUX1001WG

A unique sink integrated with the countertop is made of cast marble with an ultra-trendy matte finish. The countertop and pedestal in the form of an island under the mixer represent additional storage space for small accessories.

A spacious pull-out drawer and a functional open niche create a grand storage space. The open niche can also be used as an interior design element.

Incredibly soft opening and closing thanks to hidden mounting guides with a soft-close system.

Environmentally friendly and amazingly durable polyacrylic enamels - a special 7-layer painting technology surpasses the technology of applying automotive enamel by leading German brands and provides a rich color throughout the entire service life.

Four designer combinations from the world-famous Design3 studio, Germany: glossy white, matt white, craft oak, matte black

# Func Mixers and showers

Introducing new collection of mixers and shower systems — the most functional collection in the AM.PM lineup. Our engineers have carefully thought out every detail to make the process of using our products intuitive for all family members, and the emotions from interacting with them — unforgettable!

## ShowerSpot with thermostatic shower mixer

F07FA200

The aesthetic silhouette will become a real decoration of a modern bathroom and will perfectly complement other products from the collection

Even more storage space: the mixer is made in the form of a spacious shelf. The impressive size of the shelf (40 cm) allows you to keep all your favorite products at hand

Intuitive control: just one convenient handle to adjust the temperature and water flow. The handle is complemented by an innovative non-slip coating, which allows comfortable control of the shower system even with soapy hands

Switching water flows is done by pressing buttons on the front panel. The trendy rectangular shape and enlarged size of the tropical shower will give you the feeling of a real home SPA

# X-Joy Kitchen mixers

For more freedom of movement at the kitchen, AM.PM kitchen mixer tap with swivel spout is an ideal choice. The latest generation cartridge controls water pressure and temperature with amazing accuracy.

## Kitchen mixer

### FXA07022

Geometry for better living.

Specially designed for AM.PM SoftMotion ceramic cartridge 35 mm provides optimal temperature control and allows mixer to function under pressure drops in the water supply system.

The spout can also be swiveled, you can move it in a swivel range of 360°, making you very flexible when washing up.

Cleaning the tap is so easy, thanks to a durable surface.

# Func Accessories

The Func accessory collection combines vibrant design, impeccable aesthetics, and takes the functionality of each product to a completely new level. The fully equipped collection consists of 13 items, each of which is available in chrome and matte black colors.

## Toilet roll holder with shelf

AFA34140

The perfectly balanced proportions and well-designed shapes of Func accessories emphasize the unified design concept of the entire collection

The streamlined shape of the toilet paper holder resembles a modern smartphone. The product is equipped with a convenient shelf that can be used to store necessary items

Premium materials increase the product's lifespan while maintaining its impeccable appearance

# Func Wellness

The Func bathtubs emphasize the exceptional functionality of the entire collection. Each carefully thought-out detail is designed to create an atmosphere of relaxation and pleasure: a wide rim for storing accessories, well-balanced geometry of the interior space and optimal depth.

## Acrylic bathtub 180x80cm

WFA-180-080W-A

European standard — the overflow drain is located in the center

The decorative drain plug replicates the shape of the bathtub

A wide ledge on one side of the bathtub adds additional storage space

Depth of 425 mm — for complete relaxation and maximum immersion in water

A close-up photograph of a woman's face, partially obscured by a semi-transparent dark grey overlay. She has her eyes closed and is washing her face with her hands, which are covered in white soap suds. The background is a soft-focus view of water with bubbles.

**Innovations**

# Making innovations affordable

Creating innovations and bringing new technologies from the most advanced industries is the keystone of AM.PM's R&D team. We avoid straightforward solutions: every AM.PM product from ceramics and wellness to mixer taps and accessories correspond to the highest standards, and feature the most up-to-date trends and technologies. Our goal is to make innovations accessible for all. This is what drives us to make them truly affordable.

# Innovation TouchReel

Now it's real!

Meet the innovation: our brand new TouchReel technology, based on push-and-turn smart control.

Easy and intuitive — select and adjust all product functions by smoothly rotating the control reel. Enjoy the new level of smart control with TouchReel.

TouchReel technology integrated in our new Inspire V2.0 mixers and toilet seat

## Inspire V2.0 mixers control

- Switch on/off
- Water flow adjustment
- Auto-run option — preset running time with auto shut-off for convenience and water efficiency

## Inspire V2.0 smart toilet seat control

- Stylish white LED-indication for use in night mode
- Adjustable bidet modes: back, lady, massage
- Water pressure control
- Accurate water temperature control

# Innovation

# Unique hygiene solutions

# X-Tap

Really extraordinary tap!

The multifunctional hygiene solutions Extraordinary Tap 6-in-1 from AM.PM open up a wide range of possibilities for you. No other brand offers such a variety of innovations and functions in one simple, yet essential product.

X-Tap mixers are equipped with an advanced cartridge that provides maximum comfort when using all functions. Thanks to the innovative Smart Lock holder device, you will never forget to turn off the mixer again.

The hygiene shower is fully integrated into the mixer, which saves space. The shower is equipped with a 1500 mm hose with anti-twist protection, making the mixer suitable for use in various situations, such as filling large containers or washing a pet's paws.

The entire product is a stylish and practical shelf, perfect for storing everything you need at hand. Under the shelf, there are a toilet paper holder and a towel hook.

# Innovation

# Innovative Shower

# Touch3 Cartridge

## Built-In 3-way Diverting Function

Patented Touch3 Cartridge has a built-in 3-way diverter inside the cartridge with 2-inlet and 3-outlet ports. This technology enables streamlined faucet design by eliminating extra diverters and complex structure with diverter mounted on the faucet.

## Temperature Memory Function

Touch3 Cartridge memorizes the last shower temperature setting through its patented independent temperature control, thus the user have no need to wait or adjust for comfortable showering temperature every time they turn on the faucet. Conventional cartridge mostly cannot provide water of exactly the same temperature when closing/re-opening the faucet or adjusting the volume of water flow.

This feature encourages consumers to turn off the faucet when not needed as water temperature remains the same, enabling them to save significant volume of water.

## Water Saving Function for a Green Environment

Widened to 90°, easy-to-control rotating knob of Touch3 Cartridge allows users to reduce volume of water flow easily for huge water saving compared to the conventional lever handle that has only limited 25° control range.

Also, temperature variation during volume change of water flow is another factor forcing consumers to use conventional faucet at fully opened volume of water flow. With Touch3 Cartridge that provides water of consistent temperature water at all circumstances, you can join in saving water to create a greener planet for ourselves and the future generations to come. and the future generations to come.

# Innovation Multidock

Universal basic unit  
F100100

MultiDock is an absolute innovation from AM.PM. and, probably, the most faultless solution on the market. It's a multi-purpose module matching any functional element including thermostatic mixers. Speed of installation is just one of the benefits that makes MultiDock different from its competitors. While working on MultiDock, we thoroughly analyzed the needs of our customers and professional plumbers, gathered the best, newest engineering construction and created a product that surpasses all others of its kind.

## Eco

FlashClean combines simple cleaning with an environmentally friendly approach. Through careful analysis and research, AM.PM have achieved a truly unique combination — an eco-friendly 4.5 liter flush and a fully washed bowl, leaving no unwashed areas to harbor germs. As a result, water consumption is reduced by 25% without compromising flushing efficiency.

## Clean

FlashClean truly brings a new generation of rimless WCs. Thanks to the perfectly engineered geometry of the bowl, everywhere is accessible — there are no hard-to-clean areas. All this, combined with innovative flushing water dynamics, makes AM.PM rimless toilets the most hygienic and germ-free products on the market today.

## No oversplashing

FlashClean's bowl has been designed to completely eliminate over-splashing, which means it meets the most stringent EN requirements. According to European standards, tests are carried out to measure the extent of water droplets on the floor, and our laboratory tests show FlashClean toilets have no water droplets — even on the glass cover placed on top of the bowl.

# Innovation EasyClean Coating

EasyClean – the innovative dirt-repellent coating for sanitary ceramics, that makes cleaning your bathroom easier. EasyClean prevents dirt and limescale from sticking to the surface, keeping the ceramic cleaner for longer. Thanks to the non-stick effect, dried dirt residues can be removed more easily, greatly reducing the need for chemical cleaning products.

- Scratch-resistant, durable surfaces — for long-lasting ceramic cleanliness
- Perfectly hygienic
- Saves time when cleaning the bathroom
- High quality requirements for the material

**90% less**  
cleaning time  
cleaning agents  
water consumption

## Additional services

The AM.PM client service center is located in Oberhausen, Germany. Experienced international specialists there can answer any question online, consult you in different languages and give you information for clients in different countries.

We follow the next principles — to provoke desire, to surprise and to amaze our customers. This is why AM.PM was created, and that's what makes our bathrooms so special.

## Contact information

We care about what you think and want to know what you have to say. Your reaction to our products and services is important to us. For further information about AM.PM and our products, please call:
